Dam Removal Project Receives Accolades!

[Home](#) / [Uncategorized](#) / Dam Removal Project Receives Accolades!

" The Carmel is a lovely little river. It isn't very long but in its course it has everything a river should have. "

- John Steinbeck, Cannery Row, 1945

Congressman Farr Addresses Meeting

On April 22, 2014, the project leaders of the San Clemente Dam Removal project, Trish Chapman of the State Coastal Conservancy and Joyce Ambrosius of NOAA Fisheries, received special commendations from the federal, state, and local elected government officials including Congressman Farr (pictured here). The Project is in its second year of construction with two more years for completion.
